Serial No.

1) Matter discussed at Meeting of Diwan First Member and Sanitary Engineer — decision — Cost too heavy and no addl. funds available. Matter may be dropped

RR
8/9.

For perusal of First Member

1797/819

2 I don't think this was raised altogether

3 I don't think it will do to close down this. Some addl nurses are urgently required if the deterioration is not to become worse.

While pension pay may wait for a year or two, the actual cost of having addl nurses or pension pay may be added. In this Fairlie Case, one or two recent cases, the absence of adequate staff of nurses was, I believe the Chief Cause. The matter is really one of improving conditions of service, saving life & reputation of the Hospitals

9/9

4 Please put up a draft letter. The question of raising the pay of the Nurses cannot be taken up for the present on account of want of funds and that proposal for increasing their pay to the minimum extent necessary may be dropped

Office of the Senior Surgeon in Mysore,
Bangalore, dated 2nd September 1926.

No. G.C.185-7 med 60-26-1

Enc. 5

From

Dr. B. Mahomed Usmon, L.M.S.,
Senior Surgeon with the Government of
H.H. the Maharaja of Mysore, Bangalore.

To

The Secretary to the Government of
H.H. the Maharaja of Mysore, Medical and
Agricultural Departments, B a n g a l o r e.

Sir,

I have the honour to state that the inadequacy and inefficiency of the present nursing arrangements in the Victoria and Krishnarajendra Hospitals have given rise to frequent complaints from the public and their improvement has been recommended both by the Board of Visitors and by the Hospital Councils. A comparative statement showing the rates of pay prevailing in Madras General Hospital, the Bowring Civil Hospital and in the Victoria and Krishnarajendra Hospitals is enclosed.

The accompanying proposition statements for the revision of the Nursing Staff of the Victoria Hospital and the Krishnarajendra Hospital are intended to improve the efficiency by suitably increasing the pay to attract properly qualified and efficient Nurses and by increasing the strength to adequately meet the present day requirements of the institutions. The salient features of the revision are explained below.

At present there are only 11 Nurses on the staff. This number is quite insufficient for day and night duty. The ten pavilions and two special wards in the ground floor of the Victoria Hospital require at least nine Nurses, six for day duty and three for the night. Similarly the six wards and two special wards on the upper floor need four nurses for day duty and two for night duty. With one more hand for relief duty I recommend that the number of Nurses be increased from 11 to 16.

Against one Head Nurse as at present it is necessary to have two European Nursing Sisters, to exercise constant and

and regular supervision over the Nursing staff, one by day and one by night, the individual detailed for day duty being also required to attended to the Operation Theatre.

As regards pay, the present rate of Matron's pay is proposed to be raised to Rs.200-10-300 to bring it in a line with what prevails in the Bowring Civil Hospital, Viz., 225-15-300. A really competent and English qualified Matron cannot be had for a less pay. The Matron of the General Hospital, Madras gets Rs.300-20-400. The Nursing sisters are expected to exercise a very close supervision over the Nursing staff and in fact act as Assistants to the Matron. These should therefore be also properly qualified. To attract the right sort of persons, the pay is proposed to be fixed at Rs.100-10-150.

The existing Nurses of the Hospitals, particularly the Indian Section, are far below the average and most of them have shown an utter lack of sense of duty and responsibility and are unable to command any respect from the ward Ayahs and servants who often rub shoulders with them. It is therefore absolutely necessary to introduce a better class of Nurses who have had at least three years' training in institutions like the General Hospital, Madras. As the present rate of pay is not sufficient to attract good and capable Nurses it is proposed to be raised to Rs.70-5-100. The present rate of ration allowance of Rs.20/- is proposed to be raised to Rs.35/- in the case of [redacted] Sisters and Rs.30/- in the case of the Nurses.

The revision results in an additional cost of Rs. ~~13,470~~ 17010 2/3 for the Victoria Hospital and Rs. 1841 4 2/3 for the Krishnarajendra Hospital, per annum according to the aboye proposals to which I request the favour of very early sanction.

In giving effect to the revised scale when sanctioned, I propose to remove most of the existing hands who are below the mark, by the grant of pension or gratuity to such of them as have rendered long service and finding places on the establishments of other District Head Quarter Institutions to younger hands who have done a few years' service.

I have the honour to be,
Sir,
Your most obedient servant,

M Mannoo

Senior Surgeon.

Office of the Senior Surgeon in Mysore,

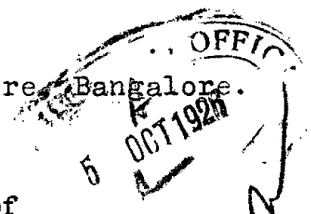
Bangalore, dated 4th October 1926.

No. G. C. 185-9

Enc. 4 8947

From

Dr. B. Mahomed Usmon, L.M.S.,
Senior Surgeon in Mysore, Bangalore.



To

The Secretary to Government of
H.H. the Maharaja of Mysore, Medical &
Agricultural Departments, Bangalore.

Sir,

With reference to your letter No. G. 3171-Med. 60-26-2, dated 21st September 1926, informing me that the question of raising the pay of the Nurses cannot be taken up for the present, I have the honour to state that although I am not quite so eager to improve the condition of the existing hands, yet I am obliged to press for the entertainment of five competent new Nurses in each of the Victoria and the Krishnarajendra Hospitals to improve the present conditions in those institutions where the nursing of patients leaves much to be desired, giving room for constant complaints from the public. These new Nurses may kindly be allowed as a special case, the scale of pay obtaining in the Bowring Hospital, viz., Rs.70-2½-100, with a ration allowance of Rs.30/- per mensem and a Uniform allowance of Rs. 5/- per mensem, as it is absolutely impossible to secure really competent hands for less.

The average of the proposed scale for purposes of calculation being Rs.$87^{2}/_{3}$, the total cost per mensem on each of the new Nurses will come to Rs.122-2/3- or to Rs.1,472 per annum and the extra cost on account of five Nurses for each of the Hospitals will be Rs.7,360/- per annum or Rs.14,720 for both the Hospitals.

I have the honour to be,

Sir,

Your most obedient servant,

M Usmon

Senior Surgeon.
